WISCONSIN UNIVERSITY EIGHT.

Rowing Giants of an Average Height of Over Six Feet. The 'varsity crew of the University of

Wisconsin arrived at Poughkeepsie, N. Y., yesterday afternoon from Madison and went to Cornell's old quarters, which the Wisconsin men are to use this year. Coach McConville says the men are in excellent

A large majority of the people in Poughkeepsie are Cornell partisans, and the appearance of the giants from Wisconsin seemed to disconcert them. As they stepped off the train they represented an average height of 6 feet 1 1-4 inches, while one man stood 6 feet 2 1-2 inches and anone man stood 6 feet 2 1-2 inches and another 6 feet 2 inches in his stockings. In weight the crew does not average as much as that of Columbia, although the men are heavier than those of Cornell or Pennsyl-

rania.

The Wisconsins come confident in the fact that their stroke which landed them a close third at Saratoga will bring them to the front in the coming contest. They claim to have beaten the intercollegiate record on their home course, and that they can do it on the Hudson. It is a curious fact that the enemy that the westerners fear worst is not Cornell, the three-year victor of the Hudson, but Pennsylvania, which has to its credit only the single victory at Saratoga last year. The Wisconsins are not new in the boat.

The welcome news that the Senators had at last won a game was received from St. Louis last night, the Perfectos being taken into camp by the score of 5 to 3. Another piece of cheering intelligence was the fact that Johnny O'Brien had at last found his batting eye and was a big contributor to ward the victory.

Winnie Mercer was on the rubber for the Washingtons, and as usual worked hard for his club, and as he was lucky in receiving good support from his companions, both at the bat and in the field, another victory is placed to his credit. With the exception of the first inning, Mercer kept the hits of his opponents scattered, and in addition made himself prominent by hammering out three safeties.

Powell opposed Mercer on the rubber, and this really fine twirler was batted almost at will, not an inning passing by without one or more hits being made by the Senators. Jack O'Brien took an especial liking to Mr. Powell's delivery, hammering out a homer, a triple and three singles, a wonderful performance at any time, but especially notice able in Jack's case, as he has not been able to land on the ball with any degree of regularity since the season opened. Mercer and Cassidy were close up, the latter getting a double and two singles and the former three singles.

The Perfectos secured two runs in the first inning as a result of Burkett's single, Padden's error and safe drives by Heidrick and McKean. After Slagle had gone out in the first inning, O'Brien plunked out a triple and Atherton came to the front with a timely single.

The fourth inning found the Senators run-We closed out fifty styles below cost Mercer getting a life through Powell's error and scoring the tieing run on Padden's single. Both sides made a run in the sixth, Childs and Heidrick hitting safe, the latter scoring after the former had been nailed at the plate by Mercer, through Cross' drive through Padden, an extremely hardhit ball. The Senators' run in the seventh resulted from Cassidy's double and Free-man's single. In the ninth O'Brien came man's single. In the ninth O'Brien came forward with his homer, making five runs n all, enough to win.

Mercer is giving exhibitions of late of how a conscientious ball player should work to earn his money.

continue to hit the ball it will mean a great deal to the Senators, as he is a fine fielder and base runner.

Al Selbach's double yesterday will go a great way toward restoring him to favor among the Cincinnati base ball "fans." "Sel" has done very little in a sensational way so far this season, but perhaps he is just rounding into form.

Manager Irwin will doubtless hesitate quite a while before pulling Pete Cassidy off of first base should new players be obtained. Pete is slow as a thinker, but he

has commenced to hit the ball, and hitters are valuable these days.

Manager Irwin admitted to the writer some time since that if O'Brien turned out to be a failure he would experience one of the greatest disappointments of his base ball career. Irwin said he felt sure of his at \$50 a fight and \$500 on the main. Larry Lajoie, the terrific batter with the Philadelphia team, hit a ball so hard in Monday's game in Cincinnati that he actually broke it. It was in the third inning. The ball went at a terrific rate of speed and struck the center terrinc rate of speed and struck the center field fence near the top with a resounding whack that could be heard in the grand stand. Umpire Burns, who officiated with Smith yesterday, has received his walking papers from President Nick Young, and after next Thursday will drop off the league staff of umpires. If his, rather discouraging news came to Burns yesterday. Umpire Smith has been ordered to double up with Andrews at Cleveland next Thursday. Burns has umpired a number of games here this season, and his work has been as good as that of any umpire that has appeared here this season, and, if anything, a little better than that of one or two. Burns has been protested by almost every club in the league. He has not given satisfaction to the players, and the result is his release. For several years the players have been loud in condemning President Young for loud in condemning President Young for appointing anything but retired players on his staff. Burns is a retired player, yet it is questionable whether any umpire has ever been treated as shamefully as he by the players. They have taken advantage of the players. They have taken advantage of every opportunity to knock him, and are really responsible for his release. It only goes to show what an inconsistent lot most ball players are. They were up in arms when Young appointed men on the staff who had never played ball, and when he appointed an old player they drove him out of the business.—Cincinnati Commercial-Tribune.

The Hamiltons Win From the Eastern

by the score of 17 to 7. Both teams fielded poorly, but the batting of the Hamiltons was something to be remembered, homers and triples coming their way with almost monotonous regularity, and for a change singles would be ripped off. McQuade led the Hamiltons at the bat, having a homer and three singles, while Mastin in center field made several sensational catches. Stewart, Carroll and Dunn fielded well for the Easterns, considering the hard hitting they faced, but the school boys' weakness at the bat was the cause of their downfall.

Michael Morrissey Knocked Out by Two of Maher's Blows. Peter Maher, the Irish heavyweight pugilist, scored a quick victory over his fellow-

countryman, Michael Morrissey of Tipperary, before the Lenox Athletic Club, New York, last night. Morrissey had been heralded as an invincible Irish champion. Maher sized his man up quickly and went for him straightaway. There was apparently no fight in the newcomer. A light punch on the breast and a right cross to the jaw were the only blows struck, and these were delivered by Maher. The blow that Maher landed on the jaw was insufficient to knock out any man. Maher weighed 174 pounds and looked fit and well. Morrissey had a retinue of handlers when he reached the ringside, and said he weigh-

ed 182 pounds.

The moment that the men shaped it was clearly evident that Morrissey was afraid and that Maher had the easiest task ever given him in his fighting career. Both fiddled for a few moments and then Maher went right to his man. Morrissey fell in a neutral corner and lay there resting on his right elbow, while Maher strutted about the ring until the referee counted off tenseconds. Musher then welked to bis corner. seconds. The Attention of Investors

Is called to the property recently known as

Situated at the intersection of Maryland and Florida avenues, H and 15th streets northeast and Benning's and Bladensburg roads, Washington, D. C.

Only a small portion of this tract was ever used as a cemetery. On account of the rapid growth of the city in the immediate neighborhood, Congress, by an act passed August 3, 1894, prohibited the further interment of bodies, and vested the title in the five undersigned Trustees, who were empowered and directed to remove all bodies interred therein and to sell and convey the said trace of land. The Trustees, having removed all evidences of a cemetery, now offer for sale the entire tract, comprising some 30 acres, more or less. The area, the location and the proximity to rapid transit, make it one of the largest and most desirable tracts now remaining unsubdivided within the city limits. Extensive retail business and

residence properties exist immediately adjoining. Two of the main roads leading to the suburbs front

the entire tract. The Columbia Electric Railroad and its continuation to Maryland and Chesapeake Beach extend along one of the fronts. Both the Pennsylvania and Baltimore and Ohio Railroads are within easy hauling distance for business purposes. Scaled bids for the purchase of the entire property, marked "Proposal for Graceland Cemetery Tract," will be received until and opened at the office of the President of the Central National Bank of Washington, D. C., at ONE O'CLOCK P.M., WEDNESDAY, JUNE TWENTY-FIRST, 1899. Each bid must be accompanied by a certified check for one thousand dollars, which will be immediately returned to the unsuccessful bidder. Terms: One-third cash, balance in one and two years, with interest at five per cent per annum, or all cash, at the option of the purchaser. Deferred payments

to be secured by first deed of trust on the property sold. The right is reserved to reject any For further information apply to the undersigned.
